40GB	40GB	61days Anytime data and 31 days Night Surfer data
60GB	60GB	61days Anytime data and 31 days Night Surfer data
80GB	80GB	61days Anytime data and 31 days Night Surfer data
120GB	120GB	61days Anytime data and 31 days Night Surfer data
220GB	220GB	61days Anytime data and 31 days Night Surfer data

24. What is the order of consumption for my data allocation?

The data order of consumption shall be as follows:

- 1=Transferred Data/ Bonus Data Bundles
- 2=Inclusive Anytime Bundle
- 3=Inclusive Night Surfer Bundle (valid from 12am to 7am)
- 4=FIFO when purchasing LTE/LTE-A Once-Off Bundles
- 5=Spend/Credit Limit

25. I'm an existing SmartBroadband Wireless (LTE/LTE-A) subscriber, will I be able to migrate to the new offer?

Existing Subscriber will be allowed to migrate to the SmartBroadband Wireless Post-paid plans. Please note that for an upward migration no penalties apply and for downgrade migrations, normal penalties will apply.

26. Does the Telkom's LTE Network Support Voice calls?

Yes, it supports voice calls, however, a subscriber will be required to contact Support on 081180 through any means of communication available to them to request that the voice capability is enabled on their service.

27. How much does it cost for a voice call?

It cost a flat rate of R 0.70c per minute (per second billing) will apply for any voice call on SmartBroadband Wireless Post-paid service, with exception of emergency services (10111, 10177 and 112) and Telkom helpdesk 081 180 which are free.

28. How do I check the data bundle balance?

Balance enquiry can be done via the following channels:

- Log in the Telkom Self-Service Portal at <https://www.telkom.co.za/eservices>
- Send blank SMS to 188
- USSD by dialing *188#
- Via the Telkom Apps (IOS and Android)

29. What is a data bundle transfer?

Data bundle transfer is a free value-added service that allows Post-Paid subscribers to transfer data bundle to other subscribers within the Telkom Mobile network.

30. Which data bundle can I transfer?

Data Transfer service shall only support Inclusive Anytime data, Recurring Anytime data and LTE/LTE-A Once-off Anytime data bundles, excluding night surfer data bundles, promotional data bundles, bonus data and subscribers on SmartBroadband Wireless Unlimited data plans shall not be permitted for data bundle transfer.

31. How much data bundle can I transfer?

With data transfer service, you can transfer up to 1GB a day and a maximum of 10GB a month

32. Is there a limit to the data bundles you can transfer?

Subscriber will have the option to transfer data in the following denominations: 25MB, 50MB, 100MB, 250MB, 500MB and 1GB.

A subscriber shall be for allowed to transfer up to 1GB a day and 10GB a month per MSISDN for the month.

33. How can I make a data bundle transfer?

Data bundle transfer capability shall be enabled the Self-Service Portal, Telkom App (Android & iOS) and USSD menu (*180#)

34. Will the transferred data bundle be prorated?

The data bundles shall not be prorated and the subscriber shall be able to utilize the data transferred until it is fully consumed.

35. How long will the data bundle transferred be valid for?

Validity period of the donated data bundle shall be as per the donor validity period.

36. Can I transfer a data bundle to subscribers from other Mobile Network Operators?

No, data bundle transfer shall not be permitted to or from other Mobile Network Operators.

37. If I have more than one LTE/LTE-A Once-Off data bundles, which one must I first transfer data from?

In a case where a subscriber has two or more LTE/LTE-A once-off data bundles available, the subscriber shall be allowed to transfer data from the first purchased LTE/LTE-A once-off bundle once depleted they can then transfer from the next available LTE/LTE-A once-off data bundle.

38. Can I transfer the donated data bundle?

Customers shall not be allowed to transfer the donated data bundle.

39. Do I receive the transferred data immediately?

Data Bundle transfer shall happen in real-time between the donor and the recipient.

40. How will I know if the data bundle transfer is successful?

Successful Data Bundle Transfer: Both donor & recipient subscribers shall receive SMS notification stating that the Data Bundle transfer has been completed successfully. The SMS will state the bundle size and the transferring customer's mobile number.

41. How do I check the data bundle balance?

Balance check shall be performed to see if there is enough credit of MB for transfer to take place. The recipient shall be able to perform balance check on the donated data bundle.

42. What happens if I transfer to the wrong MSISDN?

Once the bundle has been transferred, the transfer cannot be reversed. Pop-up message shall be presented to the donor screen to confirm if the MSISDN is the correct one before the send button is presented.

43. What happens when my donated data bundle expires and I still have not used up the bundle?

Unused donated data bundle shall not carry over, when the bundle expires you will forfeit all the unused data. Should the subscriber deplete his/her donated data bundle allocated, she/he may purchase another data bundle.

44. What will happen to my airtime and / or data bundle balances that are active on my existing Telkom SIM card when I convert or migrate to another offer?

All airtime (only if hybrid and prepaid) and once-off data bundle balances will be retained on the SIM card.

45. Am I able to port-in my SIM card from another operator?

Yes, you can port-in your SIM card from another operator and subscribe to any of Telkom's contract offers on a ported SIM card. Port-in also allows you to retain your existing mobile number.

46. Will I be able to downgrade?

Yes, but you will be liable to pay a migration fee for a downward migration, which will be determined at the time of requesting the migration. You will retain any balances of once-off internet bundles at the time of downward migration. Telkom will, as a downward migration fee, recover the difference in device subsidy between the original and the newly selected packages as well as a R400 (incl. VAT) administration fee. You will continue with the existing contract agreement and will not be considered to have entered into a new agreement based on the migration request.

47. Why is my data being used faster on an LTE connection compared to the 3G network connection?

When streaming any content, or using applications (YouTube, radio or video streaming, Skype etc.) over an LTE connection the adaptive bit rate loading (or data transmission rate) is much faster which means that your data is consumed faster than on a 3G connection. If your connection quality is better, the stream will choose a better-quality bit rate of streaming which results in significantly more data usage while streaming on an LTE connection compared to a 3G connection. Subscribers that sign up for a LTE package are advised to subscribe to the bigger volume bundles.

48. Customer Support

To contact the Customer Support line on 081180, please remove the SIM card from your modem or Mi-Fi router and insert it into a handset / mobile phone. Calls to Telkom Mobile Customer Support line are only free from a Telkom Mobile number. You can also phone Customer Support on 081180 from any other mobile network operator, but these calls will be charged at applicable service-provider rates.
